Class A/B Foam
PPV Fan

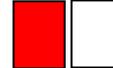

## Operating Procedures

### Individual Tags

- Each person responding in a department vehicle attaches an **Individual Tag** to each **Apparatus Tag**.
- When on-scene report to command, turn an **Individual Tag** to be assigned to a crew.
- If reassigned to another crew take your **Individual Tag** with you and give it to the new crew.
- You must retrieve all tags when incident is over.

### Apparatus Tags

- All riders attach an **Individual Tag** to each Apparatus Tag.
- Officer-Lead Person attaches their **Individual Tag** on top position of the **Apparatus Tag**.
- Vehicle Operator should place his/her **Individual Tag** upside-down on the bottom of the **Apparatus Tag**.
- Red **Apparatus Tag** stays in the Vehicle and the White **Apparatus Tag** is given to Command or a Staging Officer.

### Resource Management Card

- This card identifies the vehicle along with its key equipment.
- This card stays in the vehicle unless it responds to a call where staging is established.
- At staging the **Resource Management Card** and the **White Apparatus Tags** are given to the Staging Officer.
- When given an assignment outside of staging or when released from staging, the **Resource Management Card** and **Apparatus Tags** are given back.
