RE: Oneida County Snowmobile Trail System Open

All trails in the Oneida County Funded Snowmobile Trail System (as administered by the Oneida County Forestry, Land, & Recreation Department) are now officially open for the 2017-2018 winter season.

All lake trails in Oneida County remain closed and are considered unsafe until they have been clearly marked by a local snowmobile club. As always, the Oneida County Forestry, Land, & Recreation Department recommends staying on clearly marked trails. Always exercise caution when riding a snowmobile. The trails can be in rough, early season condition.

For more detailed information on Oneida County Snowmobile trail riding opportunities, contact the local snowmobile club in the area that you would like to ride, the Oneida County Chamber of Commerce, or the Oneida County Forestry, Land, & Recreation Department.
