

Registered Dietitian/WIC Director

Oneida County Health Department is seeking a qualified candidate to use their own creative talents to help clients live a healthier and more active lifestyle in a dual role as WIC director and dietician. If you are ready to make a difference in the community and love the idea of providing a solid nutritional base for families, this position may be right for you.

Responsibilities:

- Develops individual care plans, prescribes food packages, provides one-on-one counseling
- Authorizes and monitors special formulas issued to clients
- Documents care plan in form of a SOAP note in the ROSIE database
- Supervises the activities of the nutrition staff including the clerk, RNs, and CPAs
- Ensures that staff maintains competency in their work areas
- Evaluates staff periodically through meetings, file reviews, and evaluations
- Works with staff to plan community outreach
- Plans clinics and staffing to ensure prompt, quality services
- Utilizes available data and reports to evaluate the success of the program
- Reviews client surveys to improve client services
- Submits grants or requests for additional funding as needed

Qualifications, skills, and experience:

- Current Registered Dietitian (R.D.) license OR eligible for registration, contingent upon passing score on CDR exam within six months of employment
- Bachelor's degree in dietetics, food science, or related field
- Experience in delivering community nutrition
- One year of training or experience in a leadership position

Starting 2018 hourly rate of \$23.20 to \$25.19; wages will commensurate with experience. This is an 80% to 100% position. Position offers excellent fringe benefit package, including health, vision and dental insurances, Paid Time Off, Life Insurance, employer matched retirement, Income Continuation Insurance and a flexible four day work week.

Complete job description, and required Oneida County application are available at the Northern Advantage Job Service Office at the 51A N. Brown St., Rhinelander, WI 54501, (715) 365-1500 or at www.oneida.wi.gov. Completed application, resume and college transcripts are due at the Job Service Office; applications will be accepted until the position is filled.

Oneida County

JOB DESCRIPTION

JOB TITLE: Registered Dietitian

DEPARTMENT: Health

Reports To: Public Health Director and Assistant Director

FLSA Status: Nonexempt

Prepared By: Carl Meyer

Prepared Date: July 2013

Approved By: Lisa Charbarneau

Approved Date: July 2013

GENERAL SUMMARY:

The Registered Dietitian promotes individual and population health through advanced, comprehensive nutrition education initiatives and health behavior-change programs in the WIC setting for the diverse populations represented in Oneida County. Responsibilities include developing, implementing, and evaluating programs and public health initiatives, establishing, leading and maintaining community partnerships, and managing work plans and timelines. Work involvement will include initiatives and projects at any given time and will change as the initiatives and projects evolve. The Dietician will implement grant objectives, work plans and respond to priorities set forth by the annual nutrition agency plan.

ESSENTIAL FUNCTIONS:

Under general supervision and/or as part of various workgroups and teams, the Registered Dietitian performs the following essential functions within the framework of Oneida County Health Department's provision of the core functions and essential services of WIC and public health:

Public Health Sciences

1. Facilitates implementation of community-focused initiatives to promote nutrition, breastfeeding and prevent disease, in settings including, but not limited to all Health Department buildings/sites, homes, community organizations and worksites, schools, and the community at large.
2. Performs comprehensive individual and family assessments which include health history, physical assessment, growth monitoring, developmental assessment, psycho-social assessment, assessment of family functioning, assessment for substance abuse or domestic violence issues, and assessment of basic needs including food, housing, income, resources and supports, and access to health care.
3. Provides care coordination, referral and follow-up to individuals and families who are members of a vulnerable population and/or high-risk groups. Evaluates outcomes, effectiveness of plan, and makes changes as necessary.
4. Assesses and implements the nutrition education needs of the community as it relates to chronic disease and the population's general health.
5. Assess and provides nutrition education and counseling to individuals, families and community groups that are adapted to their unique needs, lifestyle, cultural and socio-economic situation.

6. In order to develop evidence-based public health interventions, conducts and/or facilitates teams in comprehensive reviews of scientific evidence related to public health issues, concerns, and interventions.
7. Facilitates and implements multidisciplinary and/or interagency teams.

Community Dimensions of Practice

8. Advocates on behalf of vulnerable individuals and populations; participates in assessing and evaluating health care services to ensure that people are informed of available programs and services and are assisted in the utilization of those services.
9. Establishes, expands, facilitates and sustains initiatives, programs, and/or partnerships that engage key stakeholders and community members in order to address the community health priorities of nutrition, physical activity and breastfeeding.
10. Provides leadership in the process of developing and applying evidence-based and evidence-building community health improvement strategies into specific, measurable action plans in partnership with public and private organizations.
11. Designs and delivers - orientation for Department staff and public health education and technical assistance for community agency staff as well as community members on nutrition and breastfeeding.

Analysis and Assessment

12. Participates in Oneida County Health Department's community health assessment and health improvement planning and intervention activities.
13. Assesses current relationships between the Department and community organizations, agencies and other stakeholders and develops plans to enhance and improve these relationships and partnerships.
14. Develops and/or uses databases and software programs to gather and maintain needed data for nutrition, breastfeeding, and disease prevention, evaluation and quality improvement efforts.

Leadership and Systems Thinking

15. Demonstrates knowledge regarding and compliant with applicable professional practice guidelines and any other Federal and State laws and regulations applicable to practice as a public health professional.
16. Adheres to Occupational Safety and Health Administration standards, such as those concerning exposure to bloodborne pathogens, toxic substances, airborne pathogens or exposure to other hazards during routine assignments or assignments during public health emergencies.
17. Contributes to a work environment where continuous quality improvements in service and professional practice are pursued.

Policy Development and Program Planning

18. Participate in developing strategies on how Public Health can be actively involved in the development of county-wide policies and plans that impact the built environment and public health of the county and region. Serves on inter-jurisdictional or multi-agency committees involved in policy development; coordinate review/comment processes for proposed policy documents.
19. Assist in developing and implementing a community involvement process that assures the informational exchange necessary to provide Public Health's input into appropriate plans and policies; identify potential barriers to new policy development and implementation.

Communication and Cultural Competency

20. Delivers targeted, culturally-appropriate information to help individuals and groups understand health promotion and disease prevention information, policies, regulations and local code.
21. Utilizes appropriate methods for interacting effectively and professionally with persons of all ages and from diverse cultural, socioeconomic, educational, racial, and ethnic, sexual orientations, lifestyles and physical abilities.
22. Advocates on behalf of vulnerable individuals and populations; participates in assessing and evaluating health care services to ensure that people are informed of available health department and community programs and services and are assisted in the utilization of those services.
23. Adheres to ethical principles and Oneida County Health Department policy in the collection, maintenance, use, and dissemination of data and information.

Financial Planning and Management

24. Contributes to the development and preparation of proposals for funding from external resources for health promotion and disease prevention initiatives and programs.
25. Collaborates in activities such as time studies that contribute to the development of budgets and the efficient use of resources.

Other

26. Performs public health emergency response duties as assigned and consistent with training provided, in response to threats to the public's health consistent with job classification.
27. Participates in Department and community emergency response training and drills in support of public health emergency and disaster preparedness consistent with job classification.
28. This position will be responsible for using quality improvement (QI) and performance management (PM) processes and/or techniques to improve the effectiveness of the respective public health program. This includes, but is not limited to: creating, implementing, and evaluating performance standards and identifying, implementing, and assessing program quality improvement processes.
29. Assumes responsibility for own professional growth and development by pursuing education, participating in professional committees and work groups and contributing to a work environment where continual improvements in practice are pursued.
30. Performs other duties as assigned consistent with job classification.

BEHAVIOR EXPECTATIONS:

- Treats others with courtesy and respect in all interactions.

KNOWLEDGE, SKILLS AND ABILITIES REQUIRED:
