

Minutes from previous meeting were approved.

Motion by Rehm, 2nd by Orton, m/c

Treasurer's report was read and approved.

Motion by Waydick, 2nd by Orton, m/c

Communications;

Some departments are not receiving both fire and ems pages for calls. Car accidents in particular. Nothing to report from the committee.

College;

Please let Lynn know if you are not receiving the newsletter. Each fire department will be responsible for purchasing books for entry level. The chief will need to sign an authorization form allowing purchase of book. The college will bill the individual if they do not complete the class. There was some discussion on the use of 2 % money by the tech colleges for training. There is not enough money for books and training, but a surplus for props. There was also a discussion on traffic vests and highway safety.

There will be a certified 2 class held at the Rhinelander Fire Department.

Certified 1 will also include 24 hours of haz-mat training.

EMS;

Nothing to report.

Emergency Management;

Ken will keep us updated on grants. He is also sending out the 2008 NIMS compliance information. This will need to be signed by the town chairs and returned.

The MARC 1 repeater is now in the E/M command truck and can be requested directly to a scene if needed. Please request this through dispatch.

MABAS;

We need to get moving on this. The cards need to be completed and signed. We are currently behind on our timeline. We would like to have the cards done by October and

there will be a card work night on October 8th at the sheriff's department. It was also noted we will need to have the IFERN frequency installed in the dispatch center.

Old business;

There is a new A.I.S. ordinance. The consensus was it is overkill and not needed. Everyone felt education is what should take place.

New business;

None

Motion made to adjourn by Rehm, 2nd by Kinnally.

Next meeting will be November 12th at Backwaters Bar in McNaughton.
