

RESOLUTION

50-82

Resolution offered by the Planning and Zoning Committee.

WHEREAS, the Oneida County Planning and Zoning Committee and Forestry and Outdoor Recreation Committee met on March 16, 1988 and discussed metallic and non-metallic mineral exploration, prospecting and mining and post-mining reclamation measures in Oneida County; and

WHEREAS, the Oneida County Planning and Zoning Committee in reviewing the matter has determined that the Zoning and Shorelands Protection Ordinance is presently inadequate to regulate metallic and non-metallic mineral exploration, prospecting and mining and post-mining reclamation.

~~AND~~ NOW, THEREFORE, BE IT RESOLVED that the Oneida County Planning and Zoning Committee is authorized to hold one or more public hearings pursuant to Section 59.97(5)(e), Wis. Stats., to consider the adoption of regulations controlling metallic and non-metallic mineral exploration, prospecting and mining and post-mining reclamation measures in Oneida County and to submit its findings and recommendations to the Oneida County Board of Supervisors by no later than the December 1988 County Board meeting.

BE IT FURTHER RESOLVED that there is a moratorium placed on metallic and non-metallic mineral exploration, prospecting and mining in Oneida County until after the December 1988 meeting of the Oneida County Board of Supervisors, except that this moratorium shall not apply to pre-existing non-metallic minerals extractions involving the excavation, removal and or processing of non-metallic minerals (which are hereby defined as stone, sand and gravel, clay, talc, asbestos, graphite and marble) during any part of a five year period prior to the date of approval of this resolution.

DATED this 8th day of June 1988.
